

Archimedes Air bathlift

This lightweight structured bathlift will enable people with reduced mobility to benefit from a warm relaxing bath.

- Lifts up to 150kgs (23 stone)
- Separates easily into three parts to assist with removing it from the bath.
- Lightweight – no section weighs more than 5.2 kgs
- Simple to use
- Quick and easy to clean
- Stylish design
- Lowers to within 7cm of the bottom of the bath
- Sucker release system designed to avoid having to release suckers one by one
- Comfortable and supportive seat
- Battery level indicator light and in-built safety feature prevents someone from being lowered into the bath if there is not enough battery power to raise them back out
- Maximises leg room
- May be suitable for DFG funding
- Works with the Airflo compressor – saving money for those who need more than one inflatable lifting aid
- Minimum maintenance
- Available accessories: padded seat covers, transfer turntable, lap strap.
- 2 year guarantee
